Rescue Party Climbs Toward 28 Crash Dead

Mounted Men Scaling Arizona Mountain To Wrecked Airliner

PHOENIX, Ariz. (AP)—Mouthed on sure-footed cow ponies, a rescue team will climb the face of a central Arizona mountain today to reach the wreckage of an Air Force C-47 plane and the bodies of its 28 passengers.

The twin-engine plane smashed into the face of Armer mountain, 65 miles northeast of Phoenix, during a storm Sunday. Aboard were 19 West Point cadets, a crew of four and five other passengers.

Aerial searchers sighted the shattered and burned plane yesterday afternoon.

The ground party faced a cold and difficult task in ascending the 7,000-foot mountain. Rock and ice slides kept them from going up last night. And bringing down the bodies is expected to be even more difficult.

Only one man has been to the crash scene. He is Arnold Johnson, 50-year-old foreman of the Jack Shoe Cattle Co., who made the ascent yesterday after viewing the wreckage through his field glasses.

No Survivors Found

Johnson said he couldn't tell how many bodies there were, but there was nothing to show that there were any survivors.

"The plane was in small pieces," Johnson reported at the ground party's base camp. "I didn't even see the engine."

Only the tail structure remained intact.

"Some of the bodies were in two groups," Johnson said. "Others were scattered. I have never seen anything like it. It was awful."

The C-47 crashed, while flying from Hamilton Air Force Base, Calif., to Goodfellow Air Force Base, Texas. The cadets, returning to the U.S. Military Academy at West Point, N. Y. after spending Christmas vacation with their families in northern California, had hitch-hiked a ride on the ill-fated plane.

One woman was aboard. She was WAF Sgt. Jeanne Garafalo, 20, of Plainsfield, N. J., bound for home on a surprise visit.

Among others aboard the plane was 2nd Lt. George Ahlgren, a member of the University of California crew that won the 1948 Olympics in London.

Another passenger was Guy L. McNeil, Jr., a West Point cadet whose father is Fourth Air Force Inspector.

Sons of several other high ranking officers also were on the passenger list. They included: Pfc. Robert L. Baseler, Jr., son of Lt. Col. R. L. Baseler, director of operations of the 78th Fighter-Interceptor Wing.

Cadet Robert W. Berry, Jr., son of Brig. Gen. Robert W. Berry, commander of the Western Army Anti-Aircraft Command.

Cadet Noel S. Perrin of Palo Alto, Calif., son of the late Brig. Gen. Edwin Perrin, World War II officer.

Crashed Plane Said Mechanically Sound

LITTLE VALLEY, N. Y. (AP)—The chairman of the Civil Aeronautics Board said the crash of a C-46 airliner that claimed 26 lives near here does not appear to have been caused by either mechanical or structural failure of the airplane.

Donald W. Nyrop and five aides flew in from Washington and sifted through the scattered remains of the non-scheduled airliner yesterday.

The party was led through 2 1/2 miles of rugged country to the ridge in the Allegheny Mountain foothills where the airliner crashed Saturday night.

The ripped wreckage of the plane, from which 14 persons escaped and huddled around a makeshift parachute shelter until help came Monday afternoon, was shrouded in fog as the investigators went to work.

The twin-engine plan of Continental Charters, Inc., Miami, was the object of widespread searches in northwest Pennsylvania and southwest New York for two days.

U. S. Produced Almost Half World's Steel

Nation's 105.2 Million Tons More Than Three Times Russia's Total

NEW YORK (AP)—Steel production in the United States in 1951 nearly equalled the total of all other countries, the Iron Age, national metalworking weekly, reported today. It gave these figures:

American companies produced 105.2 million net tons of steel in 1951, and the rest of the world produced 119.5 million tons. American output was more than three times the Soviet Union's 34 million tons. Production increased 8.4 million tons in the United States in 1951, and gained 4.5 million tons in Russia. Both countries set new records. Russia placed second among the world's top producers.

United Kingdom Third

Third in output was the United Kingdom with 17.6 tons, down by half a million tons from 1950. Western Germany was fourth largest producer, with 17.2 million tons, a gain of almost a million tons. Fifth was France with 10.7 million tons, up more than a million tons.

Total world steel output of 224.7 million net tons was more than 20 million tons above the previous record of 1950.

Western European steel production was aided by Marshall Plan dollars, equipment and technical aid in reconstruction, modernization and expansion.

The Iron Age estimates that American companies could turn out 112.5 million tons in 1952, if needed, and could produce 117 to 118 million in 1953, unless labor trouble or scrap shortages interfere.

Limit Now 107 Million

Total capacity is now around 107 million tons, a gain of 2 1/2 million tons in 1951. Another 6 1/2 million tons is due to be added in the first half of 1952, another four million tons in the last half, and two million tons more in 1953.

The government goal is 123 million tons of annual capacity by 1954.

"During 1952," the Iron Age said, "steel producers will stand on their production and expansion records in agitating for relaxing of complete government control over steel distribution through the controlled materials plan."

"Their arguments will stress inequities in CMP. And they will question the need for 100 per cent control when direct military needs amount to less than 15 per cent of production. In addition, they will point out that increased production alone is sufficient to fill all military requirements— that more steel than ever before is available for other users."

An Iron Age analysis of steel distribution showed that all industries save autos, oils, gas, water and mining received more steel in 1951 than in 1950.

Skipper Stays On Storm-Tossed Ship

LONDON (AP)—Still clinging to his storm-cracked and wallowing ship in the Atlantic, Capt. Kurt Carlsen radioed today that he would stay aboard until he is towed to port or sinks. A new storm threatened.

If he leaves, the ship and cargo becomes a free prize on the high seas for any takers.

Carlsen stood his watch alone through the fifth night since he ordered all others to abandon the American freighter Flying Enterprise and again reported by radio that he was in good spirits.

The U. S. Destroyer John W. Weeks early today reached the side of the 6,710-ton freighter to join the U. S. Navy supply ship Golden Eagle, which has been standing by some 250 miles south of Ireland.

Salem's First Baby of '52

LITTLE John Raymond Hack nestles contentedly in the arms of his mother, Mrs. Mollie Hack of 1254 E. Third St., unaware of the grim realities of this world and the fact that he stole the show in apparently becoming the first baby born in Salem in 1952.

Weighing six pounds, three ounces, John Raymond was born at Salem City Hospital at 10:01 a. m. Tuesday, Jan. 1.

Another baby born at the Central Clinic Tuesday night missed 1952 by a half-hour, but could claim title as the last baby of the old year. That baby was the daughter born at 11:30 p. m. at the Clinic to Mr. and Mrs. John Glekier of Sebring.

The Hack baby has blue eyes, dark hair, and looks, Mrs. Hack thinks, like both herself and her husband.

The infant's father, R. Bruce Hack, is associated with the R. W. Hack & Son firm of 469 S. Lincoln Ave. The parents have another child, Kathleen Dianne, aged five.

As far as is known, the baby is the first to be born in this district in one-day-old 1952. If so, it is entitled to more than \$100 worth of gifts from Salem merchants and manufacturers. The winner in the fifth annual First Baby Contest will be announced officially in the News January 7.

Babies born in Salem and adjoining townships are eligible for the contest. The townships include Salem, Perry, Center and Fairfield in Columbiana County and Goshen and Green in Mahoning County.

Last year's winning baby was not born until January 2, a daughter to Mr. and Mrs. Wesley L. Houger of 958 W. Pershing St.

Columbiana, Lisbon Councils Consider Gas Rate Increases

J. Arch Harwood, special representative of the Natural Gas Company of West Virginia, Tuesday night presented to Columbiana Village Council a gas company request for an initial increase of 17 per cent in its rates.

Mr. Harwood stated that a similar request would be presented to Lisbon Village Council when it meets tonight. Salem City Council in December passed a new ordinance authorizing the company to increase its rates to residential and commercial consumers here.

17 Per Cent Hike

The terms of the new ordinance which Columbiana and Lisbon are being asked to consider specify an increase of 17 per cent in rates for the first three years of a proposed five-year period. An eight and one-half per cent additional increase would take effect during the last two years.

For the first three years, the increase would amount to approximately three cents per day to consumers, with an additional raise of less than two cents per day for the last two years.

The proposed ordinances are similar to the one which had originally been presented to Salem City Council. Council endorsed all the provisions of the ordinance except the one which would grant the company an additional eight and one-half per cent increase in rates for the last two-year period.

The ordinance adopted by Council restricted the time limit to three years with a straight 17 per cent increase in the company's revenues here. At the end of that period, Council members told the representatives, the company could request another increase if conditions then still warranted it.

Explains Company Stand

Mr. Harwood said the company had embarked on a large-scale program to raise its rates in Ohio because of the extreme increases in its labor and material and property costs.

Labor rates, he said, have risen 113 per cent throughout this district since 1941. The purchase price of materials, equipment and property have risen in even greater proportion.

He pointed out that the last change in rates made by the company occurred in 1933, and that was a reduction in rates.

PEDESTRIAN KILLED

WARREN (AP)—Mrs. Ann F. Warren, 38, was injured fatally yesterday when struck by an auto.

Ohio Traffic In '51 Killed 1,200 Persons

Death and mayhem—the twin traffic terrors—reaped a ghastly harvest of more than 1,200 lives in Ohio highways and streets in 1951. The actual total probably will run half again as many.

And drivers of Ohio's automobiles and trucks—helped injury more than 16,000 persons, too.

They figured in more than 113,000 accidents of all types involving traffic.

On the streets of Ohio's 10 largest cities, 338 persons were killed. Countless other persons were killed on the streets of smaller cities. A total of 864 were killed on the state's rural highways, outside city limits.

There were more than 16,000 persons injured in accidents inside the state's big 10, and thousands more hurt on rural highways or smaller city streets.

Report Incomplete

These are the dreary totals resulting from an Associated Press survey throughout the state. It is incomplete. Because of an inadequate system of reporting traffic deaths, injuries and accidents, the real total for 1951 probably never will be known.

Even state highway patrol or highway department experts are unable to reach a complete total. This is the biggest continuous slaughter since man figured out the round wheel. The motor car's 1,000,000th reported victim was an Ohioan—Mrs. Elma H. Wischmeier, 52, of Cleveland. She died in a Lakewood hospital Dec. 22 of injuries received Dec. 11.

The carnage apparently is going to top last year's Ohio traffic death toll of 1,754. It may even approach or top the banner year of 1941, when there were slightly more than 1,800 traffic deaths in Ohio.

Why must the killing go on? "We are driving the cars of tomorrow" on yesterday's highways," said Harry Neal, head of the state highway department's traffic safety division. "We can't expect the rate to go down as long as this problem exists."

Ohioans are killing themselves in all kinds of weather, good and bad. September was the top

3:30 p. m.—Annual meeting of the Columbiana-Mahoning Dairy Herd Improvement Association.

Rain, Sleet Hit Area; Mercury To Dip Tonight

Winter reverted to normalcy today with freezing rain and sleet after Tuesday's moderate, spring-like weather.

Weather predictions for this district are continuing freezing rain and sleet, probably ending tonight and becoming colder. The forecast for Thursday is cloudy and cold with snow or sleet likely by afternoon or night.

Temperatures should range between 15 and 30 degrees. High and low temperatures in Salem Tuesday were 60 and 28.

Holiday Road Mishaps Claim 29 Other Lives

Wm. Quilligan, Wife Leila Die When Car Hits Stalled Truck

A Lisbon man and wife were killed instantly at 2:33 a. m. Tuesday when their car crashed into the rear of a steel truck which had broken down on Route 45, approximately two miles north of Lisbon.

Leila V. Quilligan, 52, driver of the car, and her husband, William, 58, of 113 N. Market St. were pronounced dead on arrival at Salem City Hospital. Death in both cases was attributed to possible fractured skulls and internal injuries.

Their deaths were two of the 31 traffic fatalities in Ohio over the New Year's weekend, according to state-wide reports. The nation's violent death toll for the New Year's and Christmas holidays was 1,352, according to the Associated Press.

Driver Directing Traffic

Salem State Highway patrolmen said that the driver of the truck, William Casto, 28, of New Cumberland, W. Va., was directing traffic by means of a spot light at the time of the accident. Warning flares also had been posted, the patrol said.

The car, traveling south, ground itself into the rear of the truck after it hit. The bodies were extricated after Casto pulled his vehicle forward.

A passenger in the cab of the truck, Clarence E. Freeman, 25, of Pughtown, W. Va., was thrown against the panel by the impact and sustained a minor laceration of the right eye. He was treated at the scene.

Operated Cafe

The couple operated Quilligan's Cafe on N. Market St. in Lisbon. They moved to Lisbon from Niles about nine years ago.

A son of Martin and Catherine Quilligan Mr. Quilligan was born Nov. 4, 1893, in Niles. He was a member of St. George's Catholic Church in Lisbon and the Salem Elks and Lisbon Eagles lodges.

He is survived by two sisters, Miss Mame Quilligan of Niles and Mrs. Catherine Racklets of Mansfield.

Mrs. Quilligan was born Feb. 18, 1899, in Pike, W. Va., a daughter of Carl and Georgianna Schofield. She was also a member of St. George's Catholic Church.

Survivors include four sisters, Mrs. Edna Scott of Niles, Mrs. Opal Robertson of Rand, W. Va., and Mrs. D. W. Mead and Mrs. R. B. Robertson, both of Pike, and two brothers, W. R. Schofield and C. C. Schofield, both of Pike.

Calling hours will be observed tonight at the Henry funeral home in Lisbon and again Thursday afternoon and night at the Holloway funeral home in Niles.

Service will be held at 10 a. m. Friday at St. Stephen's Catholic Church in Niles by Rev. Fr. W. H. Holeman. Burial will be in St. Stephen's Cemetery.

Accident Today

At 6:30 a. m. today Lynn B. De Jane, 43, of Canton lost control of his car on a curve of the Georgetown Rd. just outside of Home, worth, causing it to leave the road and crash into a ditch.

He received lacerations of the forehead and nose and was treated at the scene of the mishap.

Lisbon School Board To Reorganize Monday

LISBON—The board of education will hold its annual reorganization meeting at 8 p. m. Monday in the high school, with William Ashton, president, in charge.

Litvinoff, Former Russian Ambassador to U. S., Dead

LONDON (AP)—The Russian embassies passed by to pay their respects to the death of Maxim Maximovich Litvinoff, former foreign minister whose policy was "peace is indivisible." He was 73.

Litvinoff died Dec. 31 and funeral arrangements were completed when his death was announced today. His body lay in state in a foreign ministry conference hall where friends and

The funeral was scheduled this afternoon.

The diplomat was United States recognition of Bolshevik Russia and fought without success for collective force to prevent World War II. He was a wartime ambassador to Washington.

Litvinoff was foreign minister from 1930 to 1939 and had been acting head of the foreign ministry for two years before he took over formal title to it.

Fortunes Rose and Fell

But his fortunes rose and fell with the Kremlin's feelings about the western democracies, and he was completely eclipsed after he was fired in the reduced rank of deputy foreign minister on Aug. 23, 1946. His fall from office foreshadowed the cold war, for all Soviet officials he was regarded as the one who truly wanted to get along with the West.

The nature of his illness was not described. Litvinoff long suffered from a weak heart condition and an ailing stomach.

Neither was there any praise in the announcement for an old time Bolshevik revolutionary and exile who spent almost his whole life working for establishment and recognition of the Soviet Union.

Negotiated With Roosevelt

He negotiated U. S. recognition of Russia with President Franklin D. Roosevelt in 1933, and said he believed it might guarantee peace.

Litvinoff was dismissed, surprisingly and suddenly, from his post as foreign minister on May 3, 1939. Vyacheslav M. Molotov took over.

The reason for his sudden sacking was not discerned until three months later, with the announcement of the Soviet-German pact. Litvinoff had fallen afoul of a sharp change in Kremlin policy.

He returned to prestige in November, 1941, when he was appointed Russian ambassador to the United States.

But Moscow suddenly recalled him in August, 1943, after the Quebec conference between President Roosevelt and Prime Minister Winston Churchill produced no pledge of an immediate second front in Europe.

His recall was widely interpreted as a slap at the United States for failing to produce the second front.

Delmar O'Hara To Run Again For State Office

Delmar T. O'Hara of Wellsville today announced his candidacy for a second term as state representative.

A practicing attorney in Wellsville, he is the father of three children.

In the last session of the legislature, O'Hara served on the health welfare and organization of state government committees. He authored two bills, one approving the enlargement of the State Highway Patrol to 650 men and the tuberculosis bill which permits counties to pass levies to pay for care of TB patients in hospitals.

Only one representative will be chosen from Columbiana County for the next eight years.

'51 U.S. Building Totals 30 Billion

Construction Keeps Up Pace In Nation

WASHINGTON (AP)—The nation's building in 1951 kept pace with the year before, according to the government, but the cost—nearly 30 billion dollars—was 7 per cent higher and volume is falling off.

A year-end report by the Labor Department's Bureau of Labor Statistics and the Commerce Department's Building Materials Division, was issued yesterday.

It said the year's total of \$29,813,000,000 for all new construction marked a 7 per cent increase over 1950. The total included more than a billion for new military facilities, nearly six times as much as 1950, and 600 millions for atomic energy and defense plant construction, four times more.

"Despite larger dollar outlays in 1951," the report said, "the physical volume of new construction put in place did not rise over 1950 levels. The additional dollars spent were absorbed by higher construction costs."

The report said construction began to slow in the last half of 1951, compared with record levels of the preceding 12 months. Materials shortages and restrictions on private building were cited as causes.

"Indications are that these factors will continue to have a depressing effect on the total volume of new construction in 1952," the report said.

Total public outlays for new construction, the report said, were up 27 per cent to \$9,012,000,000. Private spending of \$20,800,000,000 about equaled the 1950 total.

New school building set a record in volume at a cost of 26 per cent above 1950.

Bears That Can't Have Babies Have 3 Of Them

WASHINGTON (AP)—Once upon a New Year's there were three little bears who weren't supposed to be.

Neither was their brother. Nor their mama and papa. Their uncle and aunt, too. But they all were.

Their grandpa and grandpa were supposed to be. Only they weren't supposed to have babies because grandpa was an Alaska brown bear and grandpa was a Polar bear.

But they had lots of them. Four are grown up and still living. The mama and papa and the uncle and aunt. They are hybrids (hybrids are hybrids, too) and are not supposed to have babies.

But mama and papa did. First they had brother and yesterday, New Year's, they had the three little bears all at once. These are double-hybrids.

Dr. William M. Mann announced all this. He is director of the Washington zoo, where it all happened beginning about 1936.

The new babies are being nursed with bottles and eyedroppers. People can visit them in two weeks if they live and start growing up.

Of course, double-hybrids can't have babies.

Prominent Niles Woman Dies Yesterday at 82

WARREN (AP)—Funeral services will be held Friday for Mrs. Margaretta Clingan, member of a prominent Niles family, who died yesterday at 82.

The widow of Dr. Thomas O. Clingan, Niles surgeon, she was the daughter of the late John R. Thomas, founder of the Niles Fire Brick Co.

She leaves a daughter, Mrs. John H. H. Clingan, wife of the President of the Mahoning Valley Steel Co. at Niles, and two sons, John R. T. Clingan, vice president of the Niles Fire Brick Co., and Thomas O. Clingan Jr., treasurer of the Mahoning Valley Steel Co.

Draft Board Calls Gold Star Mother

CHICAGO (AP)—Mrs. Joe W. Riley, a Gold Star mother who was classified 1A by a draft board last spring, has been ordered to report at an induction station Monday.

Mrs. Riley, who describes herself as middle-aged, says she will report. But she doubts that she is strong enough to be a very good soldier.

"I don't believe I'm in danger of being drafted," she said. "But I'm ready if they want me!"

Mrs. Riley said she had received frequent notices from a south side draft board but she returned all except the latest ordering her to report at an induction station. She said she had called the draft board and said it was all a mistake after she received her first notice from the draft board more than a year ago.

Mrs. Riley said one of her two sons, Staff Sgt. William Douglas Riley, 20, a B-17 waist gunner, was killed Nov. 26, 1943, over Bremen, Germany. Her other son, Robert, 16, is a civil air patrol member.

Charles W. Tripp, chairman of the draft board which sent the induction notice, said he was investigating Mrs. Riley's case.

The wedding will take place sometime next month. Mrs. Fields announced last week that she would adopt the faith of her fiance.

Dulles Says Attacking In Korea Too Costly

NEW YORK (AP)—John Foster Dulles says bitter ground fighting in Korea seems to have ended "because neither side can now advance without a cost in lives and material more than the advance is worth."

Dulles, who recently returned from a visit to the Far East, said last night in a Columbia Broadcasting System broadcast that it "seems unlikely that there will be a dependable peace in Korea which will settle all the political controversies."

Girl Dies Who Painted In Iron Lung With Teeth

CLEVELAND (AP)—Jane Norton, who painted pictures by holding a brush in her teeth while she was in an iron lung, died yesterday.

Miss Norton, 28, had been confined to the breathing machine most of the past decade, but kept up her spirits by painting, reading, listening to recorded music and talking to friends.

She was stricken with a ruptured blood vessel at the base of her brain just a month after she was graduated from high school in 1941. That affected her spinal cord and resulted in partial paralysis.

Her father Guy Norton, is a building superintendent at the May Co. department store.

Funeral services will be held Friday.

FIND EARLY CHURCH

PRINCETON, N. J. (AP)—A 2,100-year-old basilica has been unearthed 90-miles north of Rome.

The find was reported yesterday at the final session of the Archaeological Institute of America's 53rd annual meeting by Dr. Frank E. Brown of Yale University.

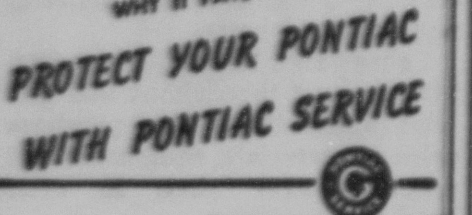

Brown said the structure can be considered the forerunner of most Christian churches and large public buildings. It is the earliest Roman building yet discovered that employed a timber truss to support a heavy roof.

Former U. S. Steel Head Dies After Long Illness

NEW YORK (AP)—William A. Irvin, president of the United States Steel Corp., from 1932 to 1937, died yesterday after a long illness. He was 78.

His direction of the nation's biggest steel corporation came during the worst depression in American history. Under his leadership, U. S. Steel loaned \$9,000,000 to depression-stricken employees without security. At the

time, the company was operating at a loss.

Irvin, a native of Indiana, Pa., retired as vice chairman of the U. S. Steel board of trustees in 1939.

He is survived by his widow and five children.

ORE SHIPMENTS HIGH CLEVELAND (AP)—Great Lakes iron ore shippers hope to haul a new high of 96,000,000 gross tons of ore in the 1952 shipping season.

Columbiana

New Council
Is Sworn InAtty. Hutson
Renamed Solicitor

COLUMBIANA—Mayor W. A. Thomas and the new council, which includes three holdovers from the old council, held their first meeting last evening.

No business was transacted beyond the re-appointment by the mayor of Atty. John L. Hutson for a second term for solicitor at a salary of \$600 a year which was confirmed by an ordinance; passage of an emergency appropriation of \$119,982 for the first three months of the year and the naming of committees by the mayor.

Appointment of a street commissioner will come up at the next meeting Tuesday evening Jan. 15.

Mayor Thomas, having been previously sworn in by the retiring mayor, E. L. Calvin, administered the oath to the members of council including Arthur Myers a former mayor and councilman, Raymond Snoke and Herbert Souder, new members and Republicans and Walter Miller, Republican and Charles Fisher and Raymond Spiker, Democrats, the three holdovers. The mayor appointed these committees:

Streets, Snoke, Souder and Spiker; finance, Miller, Myers and Fisher; sidewalks, Fisher, Spiker and Miller. Miller was elected president of council to preside in the absence of the mayor and to perform his other duties.

MRS. CLARA Gilmore has sold the H. F. Gilmore Shoe Store at South Main and Friend Streets to Harry D. Hill of East Palestine, who took possession today. The late Mr. Gilmore had conducted the business for about 30 years up to the time of his death several months ago.

The purchasers' brother, Arthur Hill, will be in charge and will be assisted by Mrs. William Fahndrick who has been an employee of the store for nine years.

UNDER A new regulation of the Columbiana Chamber of Commerce, which received a majority vote of members, and which became effective yesterday, most Columbiana stores will remain open Friday evening and will be closed Saturday evening.

Several business places are refusing to go along with the idea and will be open Saturday evening as usual. The old custom of stores being open every weekday evening was discontinued a number of years ago.

TAX RATES for Columbiana corporation and Columbiana exempted school district have been reduced slightly, the village from 2.08 to 2.06 and the school district from 1.90 to 1.88.

In Fairfield township, the centralized school district rate has been raised from 1.70 to 1.98. Taxes will not be based on the new appraisal, to be completed in February, which will probably raise valuations in most cases. The new appraisalment will be the basis for taxes the next half year.

March of Dimes
Receptacles for contributions toward the "march of dimes," promoted in Columbiana by the Rotary Club, were placed in public places today. Rotarian James E. Knarr, building contractor, is chairman of the local drive, which will continue through January.

The fund is raised to combat infantile paralysis. Columbiana county expenditures for the care of polio victims last year were \$10,000, exceeding by \$2,000 the amount received during the year.

Columbiana Churches:
A planning meeting will be held by the Towasi class in the Presbyterian Church at 8 p.m. today, with Mrs. John Cox in charge.

The Women's Guild will meet at Grace Evangelical and Reformed Church at 2 p.m. tomorrow, with Mrs. Fred Keller and

DATED JULY 16, 1942, a note in a bottle found by Mrs. Belya Hall, of Norfolk, Va., on a Nags Head, N. C. beach, reveals the tragic story of a ship's crew that met death at the hands of a Nazi submarine in World War II. Bearing the signature of "Thomas Gowan, electrician's mate," it reads: "This is the end. We're in the middle of nowhere. Lost compass. God help us. Goodbye to our loved ones."

Mrs. Grover Fry in charge of the program.

The church council of Jerusalem Lutheran congregation will meet at the parsonage at 8:15 p.m. today.

Columbiana Briefs:

The Columbiana Clippers play Leetonia here tonight and Lisbon here Friday night.

The Kindergarten Mothers' Club will meet in the home economics room of the High School building at 8 p.m. today.

The membership committee of the Methodist church, Mrs. Fred Lodge, Mrs. G. G. Patchen, Mrs. Harry McBride, Mrs. Dallas Shearer, Mrs. John Robinson, Mrs. Harold Nelson and Mrs. Eunice Hum, will meet at the church at 7 p.m. tomorrow.

Columbiana Lodge, K. of P., will adjourn to Petersburg Lodge tomorrow, leaving here at 7:30 p.m. with candidates for the page rank to be conferred by East Palestine Lodge at Petersburg. Columbiana Lodge has postponed its installation of officers to Thursday evening, Jan. 10.

Hungarian Pastors Give
Consul Letter For Home

CLEVELAND (AP)—Hungarian Protestant clergymen here have asked the ousted Hungarian consul to take a message of freedom back to her country.

Five ministers sent a letter to Miss Zsuzsanna Fazekas, who has closed the Hungarian consulate here on orders of the U. S. State Department.

"You must have had ample opportunity to observe our living conditions, our economic system, and the spirit of our thinking," their letter read.

"Through this simple observation alone," it added, "you could report, even without our request, to the people of Hungary that America is a land of freedom-loving people."

Army Asked Why Pants
Have Suspender Buttons

WASHINGTON (AP)—Rep. Norblad (R-Ore) asked the Army today why it puts suspender buttons on uniforms and prohibits the wearing of suspenders.

The button complex, Norblad said, was called to his attention by an unidentified constituent who claimed it doesn't make sense.

With an army of around two million men, Norblad said, there are approximately 12 million suspender buttons—six per pair of pants—going to waste.

Ohio March of Dimes
Campaign Opens Today

COLUMBUS (AP)—The 1952 March of Dimes, the nation's campaign against polio, gets under way in Ohio today with 100,000 workers recruited to try and exceed the \$1,766,835 raised in the state last year.

Last year county chapters of the polio foundation in Ohio spent about \$900,000 to help pay hospital and treatment expenses of 1,135 Ohio polio victims. An additional \$250,000 was sent by the national foundation to Ohio chapters that had used their funds.

Richard L. Kroesen of Cleveland, state March of Dimes chairman, said highlight of the month-long campaign will be the staging of a "Mothers' March of Polio" in most Ohio counties, cities and communities the night of Jan. 31.

Mrs. Frank J. Lausche, wife of the governor, is honorary state chairman of the "Mothers' March" in Ohio.

Stocks Make Gains In Light Trading

NEW YORK (UP)—Stocks made an irregular gain on light trading at the opening in the first session of 1952 today.

A few issues gained a point or more, including Aluminum, Ltd., American Cyanamid, May Department Stores, Rohm & Haas, and U.S. Gypsum.

Standard Oil N. J. set a new high on the first sale, a block of 1,000 shares at 76, up 1/4. Cities Service opened at 10 1/4, up 3/4; Houston Oil 69 1/4, up 1/2; Amerasia 147 1/2, up 1/4; Sinclair Oil 42 1/2, up 1/4; and Standard Oil of California 50 1/2, off 1/4.

U. S. Steel firmed 1/4 to 40 1/2, and Bethlehem gained 1/4 to 52 1/4. General Motors eased slightly while Studebaker firmed in the motors. Railroad issues developed a firmer tone with small gains in Southern Pacific, Chesapeake & Ohio, Illinois Central and Great Northern.

Trading turned very dull after the opening with prices steady.

Parolee Arrested After Gun Battle With Police

SPRINGFIELD (UP)—A tough-talking parolee was held at city jail today after a gun battle with two policemen and an attempted escape in a wrecking truck.

Larry G. Yaney, 21, of Coldwater, O., was captured yesterday following a running gun battle with officers Norman Donovan and Charles Dewein.

Neither the officers nor Yaney were injured but John Mayse, a wrecking truck driver, was injured slightly when he resisted Yaney's efforts to commandeer his truck.

Police said Yaney told them he was paroled three and one-half months ago from Folsom prison in California. He said he had been convicted of robbery.

Final Hearing To Shut House To Be Thursday

LISBON—A final hearing on the closing of a disorderly house in Knox Township comes up Thursday morning before Common Pleas Judge Joel H. Sharp.

For Tasty Dinner

FOR a good dinner everyone eat in saucier. Mix just until all are in moisture.
Bring quickly to a boil over high heat, uncovered. Gently stir once or twice with a fork.
(Do not stir.) Cover and remove from heat. Let stand 30 minutes. Drain off any excess liquid. Top with hot sauce.
Oysters belong to the American holiday tradition. Roasted and served in their own shells, they are really wonderful eating. Make 4-5 servings.
Long Island Roast Oysters
35 oysters
3 tablespoons melted butter
2 tablespoons finely chopped parsley
The oyster shells must be cleaned very thoroughly scrubbed with a brush. Place oysters in shell on a baking sheet and roast in hot oven 450 degrees (F.) about 15 minutes or until shells open. Serve on cup side of shell. Remove the oyster and discard the shell. Pour the melted butter and parsley over each oyster.

Illinois Tops Stanford In Rose Bowl Game, 40-7

Maryland Whips Vols; Kentucky Defeats TCU

NEW YORK (AP)—Tennessee may be the nation's No. 1 college football team but you would have a mighty tough job today convincing either Maryland or Illinois.

The team who opened the split-T formation for Coach Jim Tatum at Maryland soundly whipped Gen. Bob Neyland's Tennessee Volunteers 20-0 yesterday at the Sugar Bowl at New Orleans.

Illinois whipped Stanford's Indians, champions of the Pacific Coast Conference, 40-7 in the Rose Bowl.

Maryland ranked third in the Associated Press Poll. Illinois was fourth, three notches above Stanford.

Coach Tatum says it was the "underdog" rule that gave his team the right psychological spark to kick over the nation's No. 1 team.

"We were soundly beaten by a superior football team," Coach Neyland said.

The jubilant Maryland team poured victory to Big Ed Modzelewski, a Pennsylvania coal miner's son as the key to Tennessee's downfall. "Big Ed" ground out more yardage by himself than the entire Tennessee team.

"We played it to gain four yards at a try," Tatum said. "And that's what he did."

In the Vols dressing room, one could feel the gloom. The players dropped wearily, silently to the benches.

Perhaps the saddest of the lot was All-American Hank Lauricella who was playing his last game for Tennessee and before the home town people of New Orleans and he had a bad afternoon.

Lauricella had two passes intercepted, one for a touchdown, and a fumble that set up another Maryland score.

THE ROSE BOWL, granddaddy of all postseason gridiron classics, and the Sugar Bowl, heralded a million-dollar game of 19 games which drew more than 40,000 fans. Millions more looked in on the Illinois-Stanford affair at Pasadena, Calif., via a nation-wide television hookup.

The bowl at Pasadena was packed with the largest turnout, 96,825 while another 82,000 jammed into the Sugar Bowl.

The 1951 rankings ran true to form in the Orange Bowl at Miami, Fla., where Georgia Tech (No. 5) edged Baylor (No. 6), 17-14 in Pepper Rodgers' 10-yard field goal in the closing minutes.

Kentucky claimed its average offense was the reason it emerged Texas Christian University in the 19th annual Cotton Bowl, but TCU said Vito (Babe) Parrilli sure helped run up that 20-7 score.

PARRILL WAS magnificent yesterday as he passed, ran and kicked the Horned Frogs into a state of confusion. Two of his eight completions were for touchdowns, the first covering eight yards and the second thirteen.

A crowd of 75,000 watched the chicks square off. Of this, each team collected between \$125,000 and \$126,000. Texas Christian has to ante 25 per cent of its share to the Southwest Conference.

"It was a team job," said Kentucky Coach Paul (Bear) Bryant, adding the Wildcats "defense" was the difference.

"Good protection for Parrilli's passing" was a major factor he said.

Parrilli didn't think he had a very good day (he tried 20 passes), but TCU's assistant coach, Abe Martin, summed up the Horned Frogs' feelings when he said "Parrilli shot us down."

OTHER RESULTS included: Miami (Fla.) 14, Clemson 0, in the Gator; Texas Tech 25, College of Pacific 14, in the Sun; Houston 26, Dayton 21, in the Salad; Stetson 35, Arkansas State 20, in the Tangerine; Camp Drake Army 26, Yokosuka Naval Base 12, in the Cherry at Yokohama, Japan; Hinds J. C. 27, San Angelo J. C. 22, in the Oleander; Bethune-Cookman 27, Texas College 13, in the Steel; Prairie View 27, Arkansas A. M. 26, in the Prairie; and San Diego State 34, Hawaii 13, in the Pineapple Bowl at Honolulu.

Ed (Big Mo) Modzelewski and Ed Fullerton, a pair of hard hitting backs from Pennsylvania's coal regions, were largely responsible for ending Tennessee's all-winning streak at 20 games and stretching Maryland's string of victories to 12.

Modzelewski, ripping the Tennessee line to shreds, outgained the entire Volunteer team as he picked up 150 yards in 26 tries. Fullerton scored two touchdowns, one on a 46-yard sprint after intercepting a pass tossed by All-American Hank Lauricella.

The Maryland defense was so tight that the Vols gained only 61 yards on the ground and Lauricella was held to a net gain of one yard in seven times he toted the ball.

IN CONTRAST to the Sugar Bowl game in which Maryland took a 21-0 lead on three touchdowns within seven minutes early in the game, Illinois and Stanford staged a ding-dong affair for two periods with the Indians holding a 7-6 half-time advantage.

Midway in the third period Stan Wallace, Illini halfback, intercepted a pass from Stanford's Gary Kerkorian and sped 54 yards to the Stanford 12. On the third play Fullback Bill Tate ripped around right end for five yards and a touchdown.

From there on the Illini poured it on to continue the Big Ten's dominance over the PCC in the classic. They posted 27 points in the final period to break a Rose Bowl record for points in one quarter. The previous high was 22 made by Alabama in 1935.

No Difference In Coast, East Football, Says Coach Eliot

PASADENA, Calif. (AP)—The Rose Bowl game was over, and some one asked Ray Eliot, the Illinois coach, to compare the football played in the Big Ten and the Coast Conference.

The studious Eliot didn't crack a smile as he replied: "There actually isn't much difference in the brands. The Coast plays a grand game."

NO DOUBT he was just being charitable. For he certainly wasn't looking the other way yesterday as his ball club poured it on Stanford, 40-7, to give the Pacific Coast's best the sixth straight lacing in as many years in this post-season classic.

To 96,825 who sat in on the game, and millions more who watched on television, there must be little doubt of Midwest superiority. The well-trained, well-coached Illini kept Stanford off balance most of the afternoon. And when they finally pushed the Indians back on their heels for good, they staged the worst massacre the West has seen since Michigan steamrolled Southern California, 49-0, four years ago.

IN NINE MINUTES, 23 seconds of the fourth quarter, four touchdowns poured across. Up to then, the score was a respectable 13-7, the one-touchdown margin most of the experts had predicted.

Johnny Karras, star halfback who led Illinois to an unbeaten season, was smothered often. But someone else kept breaking loose, usually Bill Tate, the fullback, or Pete Bachouris, classy halfback. Clearing his bench, near the finish, Eliot uncovered a freshman, Clarence DeMoss, who looked as good as the best in the longest scrimmage run of the day.

Horse Trainer Dies

UPPER MERLBORO, Md. (AP)—H. Guy Bedwell, 76, trainer of the first horse to win racing's mythical "triple crown," died of a heart attack Monday night.

Bedwell, credited with saddling more winners than any other trainer in the exception of Hirsch Jacobs, pulled the triple victory in the Kentucky Derby, Preakness and Belmont Stakes with Sir Barton in 1919.

Before the Derby, Sir Barton never had won a race.

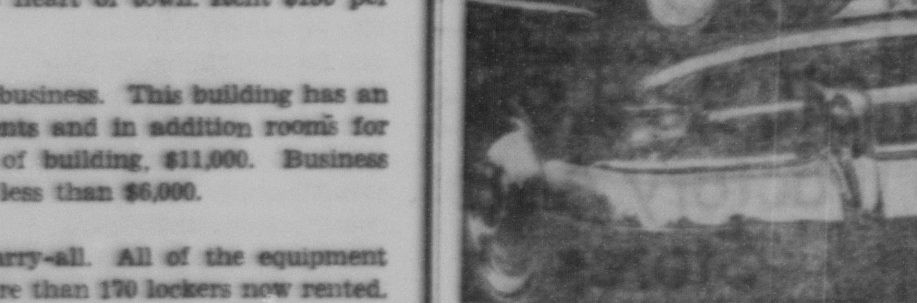

Fight Results

LOS ANGELES—Chu Chu Jimenez, 136, Los Angeles, outpointed Carlos Chavez, 135½, Los Angeles, 10.

MASON CITY, Ia.—Glen Flanagan, 130, St. Paul, knocked out Johnny Davis, 132, Kansas City, 5.

KONSTANTLY ON GO—Jim Konstanty keeps in trim during the off-season refereeing basketball games. The Phillies' relief pitcher, the National League's most-valuable player of 1950, is in the sporting goods trade at Oneonta, N. Y.

Smartly Styled 1952 Plymouth

The over-all beauty of the new Plymouth for 1952 is typified by the impressive styling of the front end. Designed for smart appearance and brilliant performance, Plymouth has many new features contributing to driving ease and passenger comfort. The trim design of the new hood molding and ornament and the hood medallion are examples of styling refinements. The luxurious interiors, with their perfection of color harmony and their quality fabrics, blend beautifully with the car's exterior colors.

Kansas Tops College Cage Teams In AP Poll

NEW YORK (AP)—Phog Allen's all-conquering Kansas Jay Hawks edged out undefeated Illinois as the nation's top-ranked college basketball team today in the weekly Associated Press poll.

Kansas, pride of the Big Seven, and recent Conference tournament winner, received 31 first place votes to 23 for the Illini. The Jayhawks, triumphant in all 19 of their games, attracted a higher point total to shade the Big Ten stalwart, 751 to 739. Illinois' record is 7-0.

Kentucky (6-2) received 594 points to fall nearly 100 behind Washington's third place 688. The Wildcats barely managed to eke out fourth spot over unbeaten Indiana and NYU.

Cincinnati was listed as receiving one vote.

Class D Baseball Loop Out Of 1952 Campaign

TALLADEGA, Ala. (AP)—Failure to find a sixth member has put the Class D Georgia-Alabama Baseball League out of business for the 1952 season.

Art Decatur, president of the league, last night announced the decision not to operate this year. He said he hoped the league will be able to reorganize later and resume in 1953.

The league had a lean season in 1951 and finished with only four clubs.
